Subject: ORD Weekly Report July 20

Here it is- hope we got it right this week. Let us know if you are good w this. Thanks

Section 1 - items for Administrator Action in next two weeks

None

Section 2 - items the AA signed over the last week or plan to sign in next two weeks

None

Section 3 - hot topics

IRIS Program Updates:

The IRIS team is currently working to clear and post the assessments for ETBE, TBA and PFBA. The releases are anticipated as early as this week.

POC Wayne Cascio, cascio.wayne@epa.gov Ex. 6 - Personal Privacy

From July 15th to August 15th ORD is assisting the State of Nevada through the FEMA Surge Capacity Force (SCF) to perform community outreach for vaccinations and assist at community vaccination sites. DHS activated the SCF to augment FEMA's response to support the needs of communities affected by the coronavirus pandemic. POC Greg Sayles, Sayles.greg@epa.gov Ex. 6 - Personal Privacy

CyANWeb Launched: EPA's Cyanobacteria Assessment Network mobile application (CyAN app) is now available as a web-based app. The app provides access to cyanobacterial bloom satellite data for over 2,000 of the largest lakes and reservoirs across the United States. Section 4 - major concerns/challenges

Briefing with the Hill on IRIS and Formaldehyde

This Wednesday ORD and OCSPP are briefing House Science, Space, and Technology and Senate Environment and Public Works on ORD's Integrated Risk Information System (IRIS) and the IRIS formaldehyde assessment. The briefing will also touch on TSCA, mainly the differences between IRIS and TSCA and how assessments through both programs help EPA protect human health and the environment.
